Work Duties	Hazards	Recommendations
Using cleaning chemicals	Skin and eye irritation, chemical burns and chemical inhalation.	Be aware of surroundings, co-workers and pedestrians. Always wear appropriate personal protective equipment. Strictly follow manufacturers recommendations and precautions. Read SDS sheets prior to mixing or applying.
Sharps exposure	Needlestick	Always follow sharps safety procedures. Do not recap needles or remove needles from syringes.
Heavy lifting	Use proper lifting techniques, limit duration of repetitive motion.	Always know your weight limit, lift with your legs, get help if needed.
Bloodborne Pathogen Exposure	May be exposed to blood and other potentially infectious bodily fluids.	Always wear appropriate PPE and take bloodborne pathogens (BBP) precautions in the presence of any bodily fluids.
Radiation/x-ray exposure	Radiation hazards	Wear appropriate PPE and follow manufacturer's instructions when handling equipment.
Standing for long periods of time	Muscle-skeletal disorders, eye/body strain and fatigue	Ensure workstation is ergonomically correct for the person using the workstation.
