## Survey Results \*

Brand of Counter: <input style="width: 90%;" type="text"/>	Time of Wipe Test: <input style="width: 80%;" type="text"/> AM <input style="width: 10%;" type="text"/> PM
Model Number of Counter: <input style="width: 90%;" type="text"/>	Wipe test done by: <input style="width: 90%;" type="text"/>
Serial Number of Counter: <input style="width: 90%;" type="text"/>	

Examples of Labels

Excepted package label

Location of Wipe	dpm	dpm/cm <sup>2</sup>
Outside of Box (at least 300 cm <sup>2</sup> )		

White I and Yellow II package labels

\* All **White I and Yellow II** packages must be surveyed within 3 hours of receipt by the **receiving** department. Excepted packages do not need to be surveyed. Take a smear wipe of the exterior of the package including all six sides covering a minimum of 300 cm<sup>2</sup>. Divide the total dpm from the counter results by 300 to get the dpm/cm<sup>2</sup> result. **The results must not exceed 2.2 dpm/cm<sup>2</sup> for beta and gamma emitters.** If survey results exceed the above limits, call Radiation Safety at 614-292-1284. (from OARDC 8-2-1284).
