Wipe test done by:

Serial Number of Counter:

Examples of Labels

Excepted package label

White I and Yellow II package labels

Location of Wipe	dpm	dpm/cm <sup>2</sup>
Outside of Box (at least 300 cm <sup>2</sup> )		

\* All **White I** and **Yellow II** packages must be surveyed within 3 hours of receipt.

Excepted packages do not need to be surveyed.

Take a smear wipe of the exterior of the package including all six sides covering a minimum of 300 cm<sup>2</sup>. Divide the total dpm from the counter results by 300 to get the dpm/cm<sup>2</sup> result.

**The results must not exceed 2.2 dpm/cm<sup>2</sup> for beta and gamma emitters and 0.22 dpm/cm<sup>2</sup> for alpha emitters.**

If survey results exceed the above limits, call Radiation Safety at 614-292-1284.

**Return this Survey Form to [radiation.safety@osu.edu](mailto:radiation.safety@osu.edu)**
